FIELD	DESCRIPTION
IP Address	Shows IP address assigned.
MAC Address	Shows MAC address of client.
Network	Shows which network it is on.
Registered Computer Name	Shows name of computer registered in Client's Definition.
Detected Computer Name	Shows name of computer given in operating system of the computer.
Lease Start Timestamp	Shows date on which IPv4 was assigned.
Lease End Timestamp	Shows date on which IPv4 was dropped.
Total Lease Period	Shows how long IPv4 address was used.
Date of Registration	Shows registration date of device.
