Most Visited Addresses
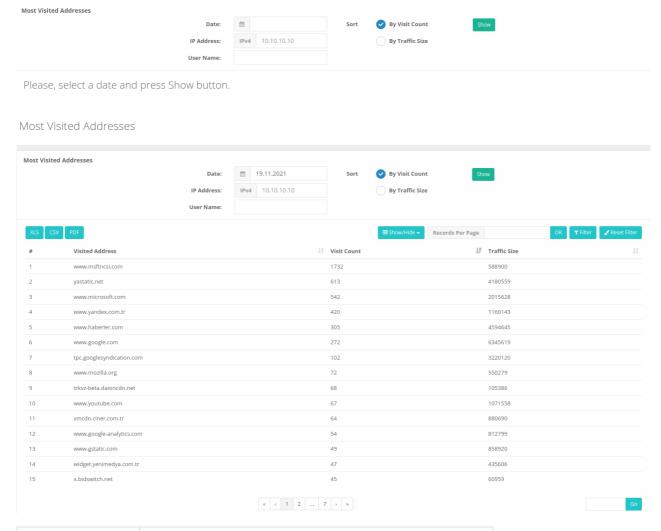

Product: Antikor v2 - Next Generation Firewall

Guides

Most Visited Addresses

In passing data traffic, the addresses visited by specifying the date, IP address or user name are sorted by the number of visitors or by the traffic size and recorded. Available entries can be downloaded in xls, csv and pdf format.

Most Visited Addresses

Date:	🗓		Sort	✓ By Visit Count		Show
IP Address:	IPv4	10.10.10.10		○ By Traffic Size		
User Name:						

Please, select a date and press Show button.
