# Multicast Routing Table

This is the section where Multicast redirects in Antikor can be seen as a table.

Multicast Routing Table

```
Virtual Interface Table =====
Vif  Local Address  Subnet      Thresh  Flags  Neighbors
-----
0  10.2.4.20       10.2.4/24   1       DISABLED
1  192.168.58.1   192.168.58 1       DR NO-HBR
2  192.168.59.1   192.168.59 1       DR NO-HBR
3  192.168.16.1   192.168.16 1       DISABLED
4  192.168.17.1   192.168.17 1       DISABLED
5  10.0.0.1        10/24      1       DISABLED
6  192.168.58.1   register_vif0 1
